

## **E. F. "SKIP" MURPHY**

I am a candidate for reelection as the Retiree Representative on the San Diego County Board of Retirement.

I bring forward the following qualifications that will provide you, the County retiree, with an active representative:

First, I served 38 years as a County employee (Sheriff's Department).

Second, I have 20 years past service on the Retirement Board as an active employee – including 9 terms as Chairman of the Board of Retirement. I continued active monitoring of the Retirement System after retirement. I also have 6 years service on the Retirement Board as a retired employee – including Vice-Chair and 3-term Chairman of the Board of Retirement. I was Chairman working through the transition to a new CEO and CIO for the system.

Third, I have maintained active involvement in the issues impacting County retirees, including first-hand knowledge of on-going legislative and political pension issues and I continue participation in groups and activities looking out for the betterment of retirees.

Finally, and most important is my continuing desire to protect the funding and integrity of the Retirement System itself; ensuring its solvency and strength in order to continue to maintain the promise of its design – to provide adequate pension benefits to career employees who have served the County of San Diego

I am committed to being an active participant on the Board, looking out for all members.

I am committed to reviewing all investment potentials to ensure quality and diversification.

I am committed to work on behalf of the Retirement System to keep it out of the politics that can harm a public body.

I am committed to protect our members' future.

I have shown that I have: Proven Experience – Proven Dedication – Proven Commitment.
